

TCM Forklift Parts

TCM Forklift Parts - In the international trade of material handling, forklifts play a major part for transporting industrial goods. Primarily innovated as industrial vehicles during the 1930s in the United States of America, forklifts gained popularity after World War II during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread worldwide.

In 1949, started by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply called TCM Corporation. Through the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started building lift truck manufacturing locations outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

With more than fifty years of accumulated expertise and technology, TCM has been proudly manufacturing several models of industrial trucks, making their models recognizable all around the world. With a strong and energetic workers, TCM has been able to constantly work towards becoming a future leading material handling company.
