

Rockwell Parts

Rockwell Parts - AxleTech International is a leading provider in the globe of specialty vehicle drive-train systems and parts together with off highway vehicles. The business prides itself on being its customers' preferred supplier. AxleTech strives to exceed and meet their clients' expectations for quality, service, technology and delivery. They believe in working within an environment which encourages the highest integrity with empowered collaboration, combined with a unyielding pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively applying principals of ecological safety and stewardship in how they do business. The company has put different programs in place to be able to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any comments or questions, as they are happy to share and promote this policy with a greater understanding of their efforts. They are really dedicated to preserving and improving the environment. AxleTech has an EHS program that not just protects the environment but which even actively protects their neighbors and workers as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles used for both commercial and military applications. These applications range from airport ground support to construction equipment. AxleTech particularly designs axles in order to meet specific application demands. They have more than 1000 different axle specs in their existing offering. With over 100+ years of skill and history, AxleTech proudly supplies the most complete solution for any of your axle requirements. The company is well known in various commercial and military applications. They provide complete axle assemblies utilized for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have further details that could be found in the "ISAS" product collection.
